Jane Berry is the Artistic Director for E-Town Augmented and Minors, and one of the key arrangers of the works we sing. She works her magic with singers of all ages and does a phenomenal job of bringing out the best in everyone she works with.

Caleb Nelson is our master of all trades. From coaching any voice part as Augmented's Vocal Specialist, to arranging many of our mashups, and playing cajon, he does everything and makes it look effortless! Caleb is also the artistic advisor for E-Town Extended, and we are so thankful to have his leadership this season.

Elle Lyrette does a variety of gigs in the Edmonton area. Her passion is singing and making music with others. She does a phenomenal job of both of these as our soprano coach for Minors and Augmented.

Jessica Heine is a "switch-singing" superstar! Although technically a soprano, she's the Alto coach for Minors and Augmented. A skilled singer/songwriter in her own right, we appreciate all the expertise she shares with E-Town each week!

Tim To is involved with the local classical music scene; he takes any opportunity he can to sing early music and baroque repertoire, but really, he just likes singing great music with great people! E-Town is lucky to have him as our Bass coach.

Chris Scott, our Tenor coach, is the newest member of the coaching staff of E-Town Vocal Music Society. He is an artist who thrives in collaborative atmospheres and can be seen working towards building his career as a music creative in Edmonton through his various independent projects, self-produced musicals and singing with Chronos Vocal Ensemble.
